Weight Woofers

Your dog's new walking buddy

From Couch Potato to Zoomie Overlord.

A **free**, slightly silly app that turns everyday walks into a weekly challenge. Every walk earns Chonk Points toward your dog's own goal.

1. **Add your dog**
   Breed, age and size. Takes a minute.

2. **Log your walks**
   Type it in or upload a GPX route.

3. **Hit your weekly goal**
   Bronze Bone, Silver Sausage, then a Good Boy Week.

Fair for every breed. Scores are relative to what each dog needs, and leaderboards are split by size. A Dachshund can beat a Border Collie.
